Opening

Stellenausschreibung - Offre d'emploi

The Department of Mathematics invites applications for

Ph.D. / Assistant positions

in Pure or Applied Mathematics starting October 1, 2010, or at the earliest convenience. Candidates must have a validated master degree or a diploma in mathematics. Beside the doctoral project, the successful candidates will be occupied with exercise courses, collaboration in seminars and service for the library.

Furthermore, the candidate's first language should be french or german. A good understanding of the other language is preferable.

Send the application together with curriculum vitae, letter of motivation, diploma copies and references before May 28, 2010.
