(or later)

Available Ph.D. Position

The Probability group of the Department of Mathematics of the University of Fribourg invites applications for one Ph.D. position under the supervision of Prof. Ioan Manolescu.

Candidates must have a strong background in probability; knowledge of statistical mechanics is welcome. Knowledge of French or German is desirable.

Duties include a moderate teaching load (exercise sessions) and occasional library service. We offer a friendly working environment, integration into the Swiss Doctoral Program of Mathematics, and an attractive salary.

Starting date: 1st of September 2018 (flexible).

Applications, composed of a letter of motivation, a CV and two letters of recommendation, should be submitted electronically to ioan.manolescu@unifr.ch. They will be evaluated on a rolling basis.
